

Dear Law Makers,

I am writing to you because I am not able to attend the hearing and testify in person. I am writing to you as a parent of two young children, a voter, a tax payer, and a life long CT resident. I urge you to stop following emotions and listen to reason. Do not pass additional gun control laws when we cannot even enforce the ones we have on the books. This state cannot afford to throw money at legislation that provides nothing more than a false sense of security. Its not fair to the families of Newtown or the state as a whole to pass "feel good" legislation that you all know will not stop psychopaths from creating terror. We should be focused on hardening school security and funding for mental health.

**I am a one issue voter. If you vote for new gun laws I will be unrelenting in my efforts to make sure your not re-elected.**

**I will work tirelessly to help those that oppose feel good legislation and respect the Constitution to ensure you are re-elected**

**Malloy thinks your weak and you should bow to his agenda. He looks at CT as a stepping stone to Washington. It was so obvious as his proposals came on the same day that Joe Biden was in Danbury. Be strong, he will not be here after 2014, you may,**

Summary:

Oppose:

1. All new gun laws

Support:

1. Expanded mental health funding
2. School Security

Kind Regards,
